JL,

Geneva will be taking care of the G10606 parts.

Morning Chris,

Any news on the G10606 parts yet, Ethel has been inquiring about them.

Subject: RE: G10604-3/-4/-5/-6 & G10606-3/-4/-5/-6 Parts

Sorry I did not get back to you on this, thanks for the reminder, I'm the only engineer around here and it gets very

busy.

I'm still finding out about the G10606 parts.

For the G10604 parts, the rivet size is a #4 flat head. Make the hole .129 dia, give it a 100° c'sink with a .225 dia. The other holes are to be #40, .098 dia, although the drawing does callout .128 dia as a ref dim, make them .098 anyway. They get drilled out to #30 at installation.

Chris

Any news on these parts? We would like to move forward quickly and need your help.

I await your phone call.

Jean-Luc
